

MARK YOUR CALENDAR!

Please save the date for the
**18th Annual Eleanor M. Saffran Conference on
Cognitive Neuroscience and Rehabilitation of
Communication Disorders**

on

Saturday and Sunday September 21-22, 2024

NOTE: The conference is on Saturday and Sunday this year instead of the usual Friday and Saturday schedule.

Join us for a full two-day conference:
***The Roles of Care Partners and Companions in
Rehabilitation of Communication Disorders***

We have an excellent selection of speakers for Saturday and Sunday. The second day will also feature group discussions involving care partner advocates working with those who have communication disorders.

ASHA CEUs will be offered for this conference.

We will be sending out more information about the conference and student award programs soon. Please email emslab@temple.edu to be added to our mailing list.
